&REW

BIO

I’m a Sri Lankan DJ blending **tech house, indie dance**, and Afro-inspired rhythms into groovy, bass-heavy sets that keep the floor moving. A member of the **Sick Leave** collective, I bring playful energy and underground flair to every gig.

TECH REQUIREMENT

*Sound equipment at your event needs to be the priority, above all else.

- Pioneer DJM-900 NEXUS / NEXUS 2 / DJM-A9 or A10 mixer, Allen & Heath Xone 92 / Xone 96 with the latest firmware update
- Pioneer CDJ-2000 NEXUS 2 / CDJ-3000 / CDJ-3000x linked with the latest firmware update
- Stereo 2-way stage monitors, adjustable through mixer.

*Other models such as the XDJ etc. are also totally cool.

At the end of the day, I want the same thing - **a sick event that has everyone dancing.** So it goes without saying that I'll make sure everyone's dancing when I'm behind the decks!

I'd love to play for you & your audience!
